

Nashville Meeting Notes

Opening night party tonight after the show in the TPAC Donor Lounge. It is confusing to get to but there will be lots of people to guide you on your way. You cannot come backstage after you leave for the party. There is an open bar, small bites which will include vegan and GF options. Dress is casual.

Housing and Travel for Des Moines AND Columbus is due Friday, February 7th at 5:00PM.

This venue is a government building and as such, packages are checked by security and there is a delay in getting them. Anything ordered to arrive later than Thursday will not make it to you as the security for the packages is not here on the weekend.

The sign up for East Lansing rental cars is now on the callboard. Sign-up is due Thursday by curtain. If you are staying in Company Housing and in the cast, please make sure to sign up for a vehicle!

You should have all received your confirmations for travel into the Layoff last Saturday if you are on company travel. Travel confirmations to East Lansing will be coming out Saturday.

If you aren't asking me to pay for your checked bag ahead of time, reminder to save your receipt and submit it to Jeff. Best way for you to do so is wait until you get to the airport and check in with the kiosk as that will print you a receipt. When you check in online it can be difficult to get a receipt.

Unemployment is coming up—instructions on how to file for it are on the internal website and attached to this email.

I am EXTREMELEY limited on Columbus house seats and it is a first come first serve basis. I no longer have any for the Saturday in Columbus, both performances.

This is a reminder that starting October 1st of this year to fly you will need a Real ID or a valid passport. We highly recommend you do this over your two week layoff as it will be extremely difficult to do on the road and this is the only confirmed layoff we have between now and October. Some states require you to be in person to get a new ID so plan ahead. If you're not sure if you already have a Real ID check and see if you have a star at the top of your card.

“Kinder” Kinder person of the week recognizing Random Acts of Kindness is Nicole Ferguson! Thank you for the extra work put into planning Mary's birthday party and a celebration for our Whole 30 Men!

Fun Fact: Nashville is known for its' hot chicken...but the story behind it is even spicier! The man behind Nashville's hot chicken was an attractive man known for womanizing. The story goes he stumbled home late at night/early morning after doing goodness knows what and the woman who he was with decided to get revenge...through his stomach. She made up the hottest concoction she could, dousing the chicken with spices and peppers and served it to him. It backfired though, he loved it, and now we all eat it!

Injury Prevention Seminar with NeuroTour is from 4pm - 5:30 pm on Friday in the rehearsal room. This is a required call for the cast, but all company members are invited to attend.

Taxes - reminder that W-2's are available on the payroll platform. Note that you have to calculate your actual NY wages if you are not a NY resident but perform work in NY.

Emergency Meeting Spot - outside the DoubleTree Hotel. Take a left out of the Stage Door. Cross 5th Avenue and go about halfway down the block. Its across the street and a little after 417 Union.

Greenville Overages is a YES! At the .00275 pre-recoupment rate, Charlotte was a little over \$450 and Greenville at a little over \$500.
